

CHRISTCHURCH CITY COUNCIL

Election of TWO (2) Councillors for the Hagley/Ferrymead Ward

Wendy GILCHRIST

Independent Citizens

Planning properly for our city's future is the key concern which has prompted me to seek election. I am passionate about the need to get this right.

Why do people come from all over the world to live here? We must protect our streetscape, heritage and environment when addressing the future growth recognized in the Urban Development Strategy.

Currently in real estate with a nursing background in research, technologist training and business ownership. I managed government contracts for medical diagnostic services with my husband Dr Nigel Gilchrist, achieving ISO accreditation as a centre of excellence.

A Sumner/Redcliffs resident for three decades, married with three adult sons, I initiated the much-needed council-run private school bus service from Sumner into town twelve years ago,

In representing you I will bring dedication, focus and an ability to think outside the square in providing vision and sound strategic planning that will enhance our city.
