

# CHRISTCHURCH CITY COUNCIL

## Election of TWO (2) Councillors for the Hagley/Ferrymead Ward

---

### **Yani JOHANSON**

*Christchurch 2021*

I'm a fresh-thinking, energetic and experienced candidate who cares about the well-being of our city, our citizens, and our community.

For six years, I've shown strong leadership as a Community Board member, campaigning to save the character, heritage, and amenity of neighbourhoods and our environment. I've opposed the Ferrymead high-rise fiasco and want improved

city planning with integrity which promotes quality development.

As chairperson of Keep Christchurch Beautiful, I'm passionate that Council has high service levels of cleaning and maintenance of the city's infrastructure. I support local facilities, libraries and swimming pools. I'll retain public assets like social housing and the Port.

I believe in celebrating the creativity and diversity of our culture, music and arts.

I'm committed to enhancing your quality of life by working together, listening, and by being accountable and accessible. Proud to be part of the 2021 team with a common vision.
