- I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.
- I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004. Disatisfied with funding showing 2006/2007

I refer to the Cashmere Village Green Stone Shelter. AND completion of approved landscaping to complete the approved (many years ago) plans for this area. Dated. Parks Unit 1997. ALSO Refer to - CASHMERE VILLAGE GREEN MANAGEMENT PLAN DATED FEBRUARY 2001. P. 15 - please note that due to the recreational use of this space by walkers, cyclists etc traversing the hill and local group use ~~including the changes (enclosures, etc)~~ the new shelter is to be a COMMUNITY SHELTER but will also be where "to city"

submission form

bus passengers will wait. The approved plan for the ~~South~~ North End of the green is between P.45 and P.44. (reference can be made to David Greenslade, if more details are needed. (City solutions))

A local group have also "ADOPTED" THE VILLAGG GREEN"

may I say at this point everyone is very satisfied with the work done so far BUT want the whole plan finished as soon as possible and then the CASHMERE VILLAGG GREEN will truly be one of the loveliest open spaces in Christchurch. It is well used and treasured as a recreational Open Green Space.

my submission is to ask for this completion and not find that funding keeps being pushed into the future. I personally, as a committee member of the Cashmere Residents Association have been very involved from the beginning of discussions for this area (I think we are soon to have a 10th year anniversary!!!) I also consider that as I have been able to get the premise of the local volcanic rock for FREE (refer to David Greenslade) which makes a big difference then I honestly believe it is up to you people to complete the promised job as soon as possible for you and all of us, the people of Christchurch to be proud of the Green.
