I do wish to talk to the main points in this submission.

Ferrymead Heritage Park is an integral part of Christchurch's education, community and heritage facilities. The Park appreciates Christchurch City Council's support and funding which has assisted in enabling it to become a valuable community asset.

The Council's draft Long Term Council Community Plan (LTCCP) outlines the Council's 'long-standing culture of collaborating with other people and organisations to further the interests of the City and its people' and 'its intention to continue this culture', LTCCP Vol.2 p.23. Accordingly we ask that the Council include the following in the 2004 -2014 LTCCP.

'The Council supports the ongoing operation and development of Ferrymead Heritage Park through an annual grant and project funding, and implements a Memorandum of Understanding.'

In support of this request, Ferrymead submits the following Performance Measure and Contributions to Outcomes:

Performance Measure

Service	Performance Measure
