Your Submission:	<p>5 year capital expenditure programme</p> <p>Latimer Square stage 3 - Through Latimer Square</p> <p>Object to funds being allocated in respect to the road closure of the section of Worcester Street through Latimer Square for NO beneficial economic or other gain.</p> <p>Basically it is a waste of ratepayers money.</p> <p>Worcester Street has an avenue to the east and should remain that way. The push by CCC staff and representatives is untenable and further consolation should be entered into.</p>
Your Submission (2):	<p>Allocation of Project Funding</p> <p>Hansen Park - Half Court/ Skateboard facility</p> <p>Funds allocation for 2007/8</p> <p>We wish to register our objection to install the above facility at Hansen Park.</p> <p>We believe that the configuration of the Park does not lend itself to a facility being suitably located within the park.</p> <p>Before any more planning is done it is our view that a preplanning consultation process should take place.</p>
Your Submission (3):	<p>Roading - Grange Street - Opawa/ Hillsborough</p> <p>Consideration must be given to this street to Upgrade, in the first instance, the berms on this street.</p> <p>It is considered that even though the gutters are the old dish type, this in the short term does not pose a problem.</p> <p>It would be good to get feed back on a programme to be able to enter into consultation.</p> <p>A 'wish list' request for an upgrade was presented to the Heathcote/Spreydon Community Board 2 years ago, but, it is considered that action needs to be sooner than later.</p> <p>The \$200,000 allocation for Latimer Square Worcester Street closure would be far better spent on this project.</p>
