**Email:** dave.robinson@ccc.govt.nz

**Address:** P.O.Box 13857 Christchurch

**Your Submission:**

A. That the following policies, or similar, be added to the MCTS

1. That TNZ & CCC recognise the importance of the City Ring Road to vehicle travel and preferentially undertake roading improvements to the Ring Road to cater for traffic growth ahead of roading improvements to the radial arterials.
2. That TNZ & CCC recognise the importance of the radial arterials to public transport travel and preferentially undertake public transport priority improvements ahead of traffic improvements to the radial arterials.

B. That the road works with 5 or 10 year designations (Lincoln, Moorhouse, Ferry, Northcote, Gasson) be moved forward from period 4 (2014/15 - 2023/24 - p23 MCTS) so that they occur before their respective designations run out. There is a risk that the designations could be overturned by the Environment Court at the end of their life unless substantial progress towards construction has been made.

There may be other designations that have not been included in the programme, eg Pages Rd?, that should be constructed within the lifetime of the designation.
