I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004.

Unlimited is a state secondary school established in 2003. Its current roll of 109 students will grow to 400 in the next 3 years.

We are aware of the major pressures on the Crossing Car-Park, and the major delays that are now being experienced getting in to the car park.

Given that the school will increase 4 fold in its current site, and the new Hallensteins site, we would ask that the Council give very serious consideration to extending the Crossing Carpark by another floor.

The Carpark does not cope at all

with the current demand and will definitely not cope with the demand next year.

In the interim we would be keen to be able to have a school drop-zone that does not mean having to wait long periods to get into the Crossing Car-Park.

If it is helpful unlimited would be happy to purchase reserve car-parks in the new extension as we have been not allowed to do this in the current building because of the heavy demand for casual spaces.
