I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004.

AS RESIDENTS OF ASHMORE LANE FOR THREE
YEARS WE ARE IN AGREEMENT WITH THE
PARAGRAPHS IN THE ATTACHED SHEET WHICH
HAVE BEEN FORMULATED BY SOME OF THE OTHER
RESIDENTS OF THE LANE.
WE FEEL THERE IS A UNIQUENESS IN THIS
14 DWELLING AREA AND WOULD NOT LIKE TO SEE
ANYTHING IN THE PROPOSED BLIGHTS ROAD WORKS
THAT WOULD DETRACT FROM THIS.

ASHMORE LANE

Ref: Draft Community plan Christchurch O-Tautanhi 2004/14 Volume 1 Page 71 Street Renewals,

We would like to lodge an interest in the work being done on Blighs Road over the next 3 years and how it will impact on us the Residents of Ashmore Lane. Would it be possible to see a plan and time-line for the work which will be undertaken? Would it be possible to have an on-site meeting before the plans are finalized?

Items of interest are

- Will there be Underground wiring for power and phone cables?
- Will the street lights be renewed?
- What footpaths will be designed?

Ideas that have been put forward are as follows

- A large street light at the end of the lane to mark this entrance way.
- Restriction of parking at the entrance, so people can have a clear view of traffic coming from the left or right when using the Lane.

Areas of concern are as follows

- There are 14 people rubbish bags and recycle bins, (not including bins from the 3 houses from 147A Blighs Road) which are left at the bottom of this Lane every Friday morning, this requires that we maintain a large expanse of paving on which to leave the rubbish for collection.
- We currently have a tasteful brick entrance way and would expect this to be retained. It could be improved if it was made wider (< 6 metres) to accommodate 2 cars (i.e one pulling out of the lane, and one pulling into the lane.) Waimairi Primary school is very close this would allow additional visibility to both pedestrian and traffic.
- It is important to retain the existing signs at the head of the lane, and by adding a "No Exit" sign, under the private Lane sign, as we have people driving up the Lane thinking it is a short cut to Blair Ave.
