- I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004.

We strongly support Sally Buck's submission that the council put a 40 km safety speed zone outside the Burnside Primary School access way & Cobham Intermediate entrance on Glen Road.

There is a lot of traffic congestion here especially with the angled parking on the Telle Park side of the road which is immediately opposite both school entrances. The road is very wide and motorists speed along it putting our children's safety at risk.

40km/h school safety speed zone for Ham Road.

I am writing this because of my fear a child will be seriously injured or killed. The large volume of traffic and the large number of children biking and walking in this area mean it is an accident waiting to happen.

On one side of the road is congestion while on the other, traffic flows freely reaching whatever speed the driver deems appropriate. It is a wide, straight stretch of road with drivers needing to be aware of children crossing from both directions. I feel a 40 km safety speed zone would be appropriate for this area and it should be installed without delay.

Thank you for taking my view into consideration. Liz Knight

I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004.

~~We~~ would like the Council to put a 40km safety speed zone outside Burnside Primary School and Cobham Intermediate School on Ilam Road.

We have lived in the area for the past 18 years and the volume of traffic on this part of Ilam Road has increased markedly.

There is now a huge amount of traffic congestion here and the road is very wide which encourages motorists to speed and put our children's safety at risk.

We would like the Council to put a 40 km safety speed zone on Ilam Road outside Burnside Primary School and Cobham Intermediate School entrances.

There is a lot of traffic congestion here, children crossing the road, on bikes & being dropped off. Despite this cars still can travel very fast down this stretch of road and therefore put our children's safety at risk. Many drivers don't seem to take sufficient care or notice of the 40km limit would force drivers to slow to a safer speed.

I would like to support the submissions for a 40 km speed zone in Ilam Road outside Cobham Intermedrick and Burnside Primary School.

There is a lot of traffic on this busy main road, and a safer ~~enough~~ crossing for school pupils would be good for all concerned.

I would like the Council to put a 40km safety speed zone outside Burnside Primary and Cobham Intermediate Schools on Ham Road.

This area becomes very congested with drop off/pick ups for the school, swimming pool complex and park.

There are many children involved and I feel their safety is at risk.

I would like to see a 40 km safety speed zone outside Burnside primary school on Memorial Ave and Cobham Intermediate school on ~~Mem~~ Slam Road. There are a lot of traffic and they drive very fast. All small children are ~~are~~ not a weep of car and their safety at risk.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 1 June and Friday 11 June 2004.

I would like to see a 40kmph safety speed zone put in Ilam Road. This will secure all the children from Cobham, Burnside primary and Burnside High School. I and my family are strongly support this proposal from city council.
