Questions

- ① Do you have any comments on the major projects in our draft Our Community Plan? page number **7**

I agree with your plan. I would like to see a

water-recycling system for new subdivisions and inner-city developments. That is: water from washing should be collected and reused on gardens and to flush toilets.

- ② Do you have any comments on groups of activities (the activities and services that Council provides)? page number **6**

Refuse minimisation: By charging waste-makers, (ie. companies, producers and distributors who use throw-away plastic and cardboard items and unnecessary packaging,) for the costs of recycling and disposing of these items.

Provide a green waste bin, a recycling bin and let the person who makes the waste pay for the bags rather than the rate payer.

- ③ Do you have any other comments or suggestions you want to make? page number **6**

Transport: With the proliferation of new towns we will need our rail system to be updated.

The bus system is a joy to use. If new subdivisions are allowed in Selwyn and Waimak our transport problems will cost more and more.

You may add more pages if you wish. Thank you for your submission.
