Lake Isaac

Hi,

Our family lives on western side of Christchurch. We do various sports around water and travel to train.

I frequently travel to Kerrs Reach or Kaiapoi to train in the Kayak for multisport events and tonight was late away after work and rushed in the poor weather. Traveling round Johns road I was thinking how handy, time and travel saving, it would be if Lake Isaac was there for weeknight training stints.

I think people on this side of town would use it frequently.
