<b>Your Submission:</b>	<p>As someone who has spent many a pleasant morning and evening in my kayak, dodging rowers on Avon, I would like to express my full support of a facility such as Lake Isaac. If the overwhelming use of Kerrs Reach by the people of Christchurch (yes, the rate payers) isn't enough of a reason for the council to committ to Lake Isaac's construction, then the promise of increased revenue to the city from hosting national and international events should be.</p> <p>Think how many more Rob Wardell's, Nathan Twaddle's, Everswindell sisters, Barbara Kendalls, Ian ferguson, Paul MacDonald etc we could proudly claim if we had a world class training and learning facility available?</p> <p>regards Penny Claridge</p>
