Your Submission:	<p>Lake Isaac</p> <p>To whom it may concern,</p> <p>I should like to add my voice in support of the proposed recreation facility at Mclean's Island known as Lake Isaac.</p> <p>The population of our city is constantly growing in an era when the fitness levels of the general population are declining. As well as providing a great sporting venue that would bring numerous financial benefits for the city, a recreational facility of this nature would go some way to providing the chance for people to live more healthy lives. Ultimately this would save money that would have to otherwise be spent on health care for a less active population.</p> <p>Darren Leslie 4 Balmoral Lane Redcliffs Christchurch Tel. 03 384 8930</p>
