	<p>My submission is that there should be major maintenance undertaken on the Little Akaloa jetty, and that this should be funded from the Council's operational budgets.</p> <p>While the decking and stringers are in reasonable condition, this jetty is now in a state of disrepair with most of the piles needing replacing. If nothing is done in the short term, we could well see it sustain major damage from either storm events or from large commercial fishing boats tying alongside. This jetty is currently used for recreational purposes with the public either fishing from it or using it to board their vessels. In the future it will become a vital link for the marine farm industry currently being established off this part of the Peninsula coast.</p> <p>In the future</p>
