Your Submission:	<p>Do you have any comments on the major projects in our Draft Community Plan?</p> <p>I am making a submission in regards to Lake Issac development.</p> <p>I think that this development could be a benefit to the Christchurch. I am a triathlete and would benefit from have a flat water facility that is in this area. Currently most events are either in a pool or at scarborough. Scarborough is not always a safe venue for swimming when the waves are high.</p> <p>Triathlons are taking off in New Zealand and especially in christchurch, if you were at the She Triathlon earlier this year, you would have seen up to 2000 women trying to squeeze into QEII pool, imagine if these events could have been at a flatwater facility.</p> <p>The facility will mean that we could hold top quality events in Christchurch. This facility will not only be advantageous to triathletes, but also to the other water sports, such as rowing.</p> <p>Do you have any comments on groups of activities (The activities and services the Council provides?)</p> <p>Do you have any other comments or suggestions you want to make?</p>
