Questions

1 Do you have any comments on the major projects in our draft Community Plan? page number **4**

Streets + transport - I ~~trust~~ hope the Council will take the opportunity to be a leader in public transport options & promote sustainable transport initiatives NOT pour money into big road projects given our global oil situation.
Botanic Gardens - Hagley park is a wonderful natural environment for visitors, families etc

2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number **13**

Economic development p. 13 In the initial sentence "economic prosperity shared fairly..." - have you considered how to measure this as an outcome?
Parks etc p. 14 I have not seen a commitment by council to maintain & upgrade play equipment specifically & feel this is important to state.
Recreation etc p. 15 No where in this section is there any attention paid

3 Do you have any other comments or suggestions you want to make? page number **13**

Disappointingly the language used throughout the document appeared highly bureaucratic in nature and the language & terms used often incomprehensible to general public - a glossary of terms may be helpful eg what does globalisation services.
The document was also very busy in layout.

p.8 Reducing #'s of "City Scene" - putting it online could help.

I was amazed at the lack of use of the word "sustainable". Whilst it is an "in" word - it highlights an awareness of ongoing energy & environmental issues. We have an ideal chance to develop
