Questions

See list of major projects in the summary document

1 Do you have any comments on the major projects in our draft Our Community Plan? page number **9**

I think any money saved at all needs to go toward more parking space ie: another building in the centre of town. There are plenty of great shops + venues in town and people need more access to them. Maybe a swipe card could be printed out after a certain time in the car park buildings that enables people to pay on the way out - abit like the chch airport system - after hours?

2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number **15**

Upgrading of Jellie Park, a new pool north of the city + at Pioneer leisure centre are worthwhile projects that everyone will value from. Excellent.

On Carmen Wilkinsons idea about the malls, what an innovative idea to build somewhere within the malls where students + mates can hang out. It certainly needs some consideration especially during the evening. Much better than them biting in the malls + as she states "being hassled to move on?" If new malls are being built add this to the plans

3 Do you have any other comments or suggestions you want to make? page number

My main concern is the fact that some libraries are to be closed in smaller areas of town. I think young children + adults alike need to be encouraged to grow + develop. The library is an ^{important tool} ~~essential~~ ~~to~~ to enable this growth. People over all ages are not able to get into town to access these facilities due to disabilities or lower incomes + sadly they will fall through the gaps.

Please keep our libraries open to encourage the valuable development for all. It could affect your family!!
