Do you have any comments on the major projects in our Draft Community Plan?

. City Mall renovation (p.9) is good, but must be coupled with limitations for further consent to developers wanting to expand our current mall retail spaces. We have too much retail space. 400+ citizens have finite spending power. Large malls open long hours impacts community life, family time, kids being groomed as 'consumers' ... all significant social issues.
. Appreciate some reduction in services necessary and increase in cost for others. Unrealistic for ratepayers to have everything for no extra cost. Budgets are important. Increased parking and cemetery costs sound realistic but need to retain free hour in parking buildings otherwise city centre not an attractive shopping option. Selling Papanui pool land sensible, esp. in light of new northern pool plans. Concerned about some community library closure; more community consultation needed for some of these e.g. Redwood. Good practical move to use NZ Post and reduce City Scene issues.

Do you have any comments on groups of activities (The activities and services the Council provides?)

Do you have any other comments or suggestions you want to make?
