Your Submission:	<p>Do you have any comments on the major projects in our Draft Community Plan?</p> <p>Bus Exchange \$59m Don't build another bus exchange in the centre of the city. Build an underground transport hub for buses and light rail to service a city of 1 million. It is essential that Christchurch acts now to avoid the terrible mess that Auckland now finds itself in. The one redeeming feature of Auckland's public transport system is Brittomart (sp?).</p>
<p style="font-size: 1.2em; font-family: cursive;">Don Munro</p>	<p>Do you have any comments on groups of activities (The activities and services the Council provides?)</p> <p>Water Supply - Deacrase in Usage. My suggestion to decrease domestic usage of our beautiful water is to begin charging water rates. We must act now to ensure that all household responsibly use their water. Water rates is an incentive to conserve our precious resource.</p>
