Recreation and Leisure - Aquatic Facilities

The "Aquatic Facilities Strategy" needs to acknowledge that outdoor swimming pools have particular values in their own right. They are a much more pleasant recreational environment to be at during summer, compared with the indoor pools.

They provide a summer facility for families wishing to congregate, have lunch and spend time together.

This is particularly important for families and individuals without the means to travel to other summer recreational areas.

I seek that the Aquatic Facilities Strategy takes account of those values, and this translates into budgetary decisions made in the LTCCP

**Do you have any other comments or suggestions you want to make?**
