Questions

1

Do you have any comments on the major projects in our draft Our Community Plan? page number 449

P4.9/P4

City Development - City Mall Renovation. Only very minimum contribution from rates. Rates should not subsidize business. Parking is the problem with the city centre compared with urban malls. Do you beauty and market urban malls? Did the expensive square development bring in more pedestrians

2

Do you have any comments on groups of activities (the activities and services that Council provides)? page number 8 & 16

P8

Services & Activities reductions proposed. The closing of "Libraries" and suburban "Pools" is the closing of "Core" activities of the Council. These activities that the elderly and young do participate in will be hitting a vulnerable section of the community that would find it difficult to overcome.

P8

(b) Using NZ Post for all Council payments will only further isolate the "Community" from the Council and take away the venue for asking questions, picking up literature, and raising complaints

P16

(c) Refuse minimisation. There should be discussions with food suppliers on the need for B and above packaging that ratepayers cannot avoid using to try and reduce the waste of this packaging.

3

Do you have any other comments or suggestions you want to make? page number 3

P3

Proposed Rate increase for next 3 years. Comment. Large rate increases do not account for the ability to pay. Pensioners on fixed incomes are already being hit with high power and fuel prices. Large increases in rates will tend to force the elderly to either sell up and move or lower their standard of living even further.
