<b>Your Submission:</b>	<b>Do you have any comments on the major projects in our Draft Community Plan?</b>
	I oppose the Council spending \$4.3 million on a re-fit of council offices as the money could be better spent on facilities that everyone uses e.g. libraries (page 72).
	I am very disappointed that the Council considers the implementation of the Biodiversity Strategy as a non-priority. Restoration and protection of native habitats and species in Christchurch should be a priority for the Council (page 75). What is the Council doing for conservation of native species in the city?
	The Water-Reuse project should be a priority (page 74).
	I think that the Council should increase funding for the Cycleways programme and cycling initiatives in general, as we need to do everything we can to encourage people to cycle and make cycling a safer activity for all residents of the city (page 76).
I support the idea of a conservation park for Godley Head (page 79).	
	<b>Do you have any comments on groups of activities (The activities and services the Council provides?)</b>
	<b>Do you have any other comments or suggestions you want to make?</b>
