Your Submission:	Do you have any comments on the major projects in our Draft Community Plan?
	I oppose the closing of the 3 community libraries. We have an aging population, which will place greater pressure upon the existing library services, so we can't afford to close them down. Older people are less able to travel longer distances and they are a big user of library services.
	Do you have any comments on groups of activities (The activities and services the Council provides?)
	The proposed closing of the 4 suburban pools is a more logical way to reduce expenditure. They are only open for a few months of the year and used by a minimal number of people.
	Do you have any other comments or suggestions you want to make?
