Your Submission:	Do you have any comments on the major projects in our Draft Community Plan?
	Our whanau do not find current aquatic facilities accessible, due to expense of transport or distance. They do not view Jellie Park as part of their community, QEII is their favoured facility, but not regularly used due to distance and cost. An aquatic centre in the Papanui community would allow all our whanau to participate in more active recreation and community events.
	Do you have any comments on groups of activities (The activities and services the Council provides?)
	We are concerned that the current funding for community grants may be reduced and this would greatly impact on the well-being of whanau attending the centre. As a centre it would limit what we could provide for children and families ie. community trips, whanau events, family support worker and resources for children's curriculum etc.
	Do you have any other comments or suggestions you want to make?
