<b>Your Submission:</b>	<b>Do you have any comments on the major projects in our Draft Community Plan?</b>
	With reference to "Projects outside the criteria for inclusion in the LTCCP". Lake Isaac is specifically mentioned on page 79 assigning it to a level 1 in strategic fit and level of service. We are aware our City is in great need of a flat water facility, not only for our sport of Dragon Boating but for many others. We are all very disappointed that there is no provision for such a facility in the plan. Lake Isaac represents Dragon boaters' hopes to enable teams to train in complete safety, regardless of the weather and have more flexible training times. Lake Isaac will also provide the ability to host national and international dragon boat events.
	<b>Do you have any comments on groups of activities (The activities and services the Council provides?)</b>
	<b>Do you have any other comments or suggestions you want to make?</b>
