Your Submission:	Do you have any comments on the major projects in our Draft Community Plan?
	The council proposes to spend \$59.5 million on a new bus exchange. My proposal is for the current bus exchange building to be sold and the new exchange be built in the old Turners and Growers block already owned by the council. This would enable an intercity terminal to be included. Shuttle services could bring the passengers from the centre of town to the exchange. At present, the conditions existing in Colombo Street opposite Ballantynes are atrocious and certainly do not comply with our slogan of the "City that Shines".
	Do you have any comments on groups of activities (The activities and services the Council provides?)
	Do you have any other comments or suggestions you want to make?
	I am against the closing of any libraries. Spreydon is an area of older people who rely on this facility and would pose difficulties for the subscribers to get to Beckenham which would be the nearest.
