	I want to comment on a project which has been judged as outside the criteria for inclusion in the LTCCP. The lake Isaac water sports facility would be a great community asset for the district. I am a dragon boater and team manager for a corporate and a high school team. We do not have a safe all weather venue for dragon boating in the Christchurch area. We are currently using Magazine bay for practice but this is often disrupted by poor weather. A well protected flat water facility such as the proposed Lake Isaac would give our sport a fantastic boost.
