Questions

See list of major projects in the summary document

① Do you have any comments on the major projects in our draft Our Community Plan? page number 121

- Do we need to spend more money on Jellig Park Pool when other areas such as Linwood ~~are~~ haven't a pool at all?
- I support people having to pay for each rubbish bag they use & in having green waste collected. Instead of individual bins could we have one for several households?

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number 121

- Under Community Outcomes: How the council contributes it says: "by providing welcoming areas for communities to gather and interact." This should include a library for each area, a community centre for each area, a pool for each area etc. People can socialize & there is a sense of community and care for each other. This needs to be valued as it provides people with a sense of belonging.
- The green areas and parks are great and are also to be valued.
- We need to make it easier for people who are disadvantaged (eg mentally ill, live in poverty, can't read) to have a say in what they want for the city.

③ Do you have any other comments or suggestions you want to make? page number 104 p. 14 of summary trees

- Keep the Spreedan and Belfast libraries. Their value to the people in the local areas is high and many people cannot travel too far to another one eg elderly people with mobility scooters
- Trees are important, but does it need to cost \$17.2 M for their renewal?
