

4 McCombs St

22-2-06.

So,

The Council is having finance trouble. Who to pick on, to make them feel better, & help the purse.

The old folk & children of course, they won't make too many waves.

My neighbour & myself are in our eighties. We have our twice weekly walk, to the Barrington library to change our big print books. There are always happy sounds from the childrens section. We will need to catch a bus into the city, to change our books. With poor sight we run the risk of a broken hip or leg.

Get Real. Spend our hard earned money on things that matter

Regards
Shirley Withbrock.
