

23 Stanbury Ave
Christchurch

20th Feb.

Christchurch City Council,
Christchurch.

Dear Sirs/Madams,

I would like to lodge my protest at the news just issued about the shut down of some of the City's complexes, most particularly the Spreydon library. This library is a great asset to the people in this community as it is so accessible to all being on several bus routes and next to Barrington Mall. I am an elderly pensioner, partly disabled and I use the library a lot and the nearest other library at Beckettham is just out of the question as far as access is concerned.

I hope you will have another think on this one and remember as ratepayers on this side of the town who expect some return for our money we want to be heard.

Yours faithfully
(Mrs) A McMillan
