Mr. Moore.

Dear Sir,

I am writing to object to the closing of the Bishopdale Library. It is the democratic rites of the rate payers (of whom I am one) of an expanding community to have a handy Library. You expect us to pay a rates rise & give us fewer & fewer services, it is a fundamental basis for any community, we also have two primary schools within walking distance & cottages for the aged whom also value this vicinity.

Thank you.
