## Questions

1 Do you have any comments on the major projects in our draft Our Community Plan? page number **4**

New bus exchange is not needed we have too many busses already. Shuttle bus should go past hospital. We do not need more leisure centres, for young people who do not pay rates. City mall renovation not needed, create more inner city housing instead of all those shops, to make it a living city. We do not need an electronic voting system, we can still walk to polling stations.

2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number **8**

If you want to serve the citizens of your city you do not close libraries or community halls these are places of meeting other citizens, also places for education, the only thing we do not need are computer games in libraries, so people can read in pleasure, not a young people's playground. On street parking on the main city roads should not be permitted, if you want people to use bicycles on your cycle routes on roads.

3 Do you have any other comments or suggestions you want to make? page number **16**

I propose a levy on all after hours food places and pubs, to pay for the cleaning up of all the rubbish, bottles etc, that has been left on the road by mostly arrogant young people, who also smash bus shelters and phone boxes if we did not have these places open all night we would not have such a dirty city to clean up.
