

Our Community Plan Submission Form

Instructions

Please read before completing your submission

It will help us process your submission if you clearly state the issue you want the Council to consider, what specific action you think the Council should take, and why that should be done.

If you wish, you can present your submission at a hearing. (If that is the case, please tick the box). The hearings will be held between Thursday 25 May and Wednesday 7 June 2006. Generally, 10 minutes are allocated for hearing each submission, including time for questions.

It will help us if your submission also refers to the page of either the full version or the summary version.

Please note: We are legally required to make all written or electronic submissions available to Councillors and to the public. This includes the name and address of the submitter. All submissions will be published on the Council's website from 10 May 2006.

No anonymous submissions will be accepted.

Questions

1 Do you have any comments on the major projects in our draft Community Plan? page number

Although closing of libraries in Redwood/Bishopdale area cannot be regarded as a major project it is alarming that the proposal will largely deny library facilities to southcoast & Redwood schools in the area, also some fore-schools are forced in this area. (Public schools have libraries

2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number

of their own but they cannot have the resources that public libraries have. Similarly elderly folk in the area rely on library services - not everyone drives & escalating fuel costs will also cause more restricted movements of old folk. A few books can weigh heavily on old folk walking between Redwood/Bishopdale & Papamoa. And all that would save rate payers a miserable \$450,000 - I would not

3 Do you have any other comments or suggestions you want to make? page number

Support closing of functioning community libraries - the amount "saved" by that action is a short sighted move. Surely it would be reasonable to reduce some of the \$17.2 million set aside for "tree renewable" & keep libraries open. I notice that many tree plantings are vandalised by hoons resulting in waste, maybe good libraries could distract these people & provide them with an interest to change their ways, & save some necessity of tree replacements.
