|                         | Oppose the closure of public Libraries.Having a local library reduces the use of cars which in turn reduces traffic on the roads.They are also a comfort to the elderly who are often confined to their homes. They are a community Asset. Children would loose out a lot if their Libraries were not around in their areas as not all children have the use of computers.It is very short sighted to think that closing these libraries won't affect many people just to save a few dollars when there is savings that could be made by the council in a lot of other areas. |
