Your Submission: **Do you have any comments on the major projects in our Draft Community Plan?**

Do not close suburban libraries or the Mobile library because:

Libraries need to be accessible throughout the city and those who are too poor to travel are also too poor to have internet etc

Libraries provide a safe place for children to wait or pause between parnetal chaffeuring that avoid issues of the street

SO useful for those with young children and elderly or infirm.

Getting a library back is likely to be extremely difficult. Is itanticipated that Christchurch population will decrease?

School children need to be able to get to community libraries without too much traffic or travel

Cost saving does not advantage many but closing libraries disadvantages many

Libraries represent books learning education and need to be seen to be valued and available equitably

Holiday programs story telling special occasions are irreplaceable

Libraries as a Quiet warm safe non-commercial community gathering place and landmarks have been central to my whanau life

Thank you
