The Christchurch city council,  
Dear Councillors,

I wish to object, in the strongest possible terms, to your proposal to close the Bishopdale Public library,

I use this library a great deal and as I am over 80 and require large print books the ability to walk to this shopping centre is of great benefit to me.

I will be severely disadvantaged if I am to attend Fendalton or Paparua for my books as this a minimum of 8km walk. I do not wish to make a personal submission.

Yours faithfully,

David C. Robertson
