Questions

Do you have any comments on the major projects in our draft Our Community Plan?

I understand why many of the essential and priority projects need to take place, however I am concerned that libraries and pools will be shut down for minimal cost savings, and yet you (ccc) want to spend \$12.5 million on new leisure centres, of \$11.1 million on the botanic gardens, recreation resources or facilities are valuable, but not at the expense of educational facilities!!

Do you have any comments on groups of activities (the activities and services that Council provides)?

As above, I do not see the value, nor the logic in removing valued libraries and pools, for minimal cost savings. Cutting down on operational costs such as payments, sub-agencies etc is good, but keep our libraries open there. long term benefit in financial contribution to our local community could well outweigh these costs of operation.

Do you have any other comments or suggestions you want to make?

Someone is going to get killed on Madras St!!!
Hundreds of cars cross Madras St every day, this road is dangerous, and something needs to be done to provide safer crossing to the students and public.
There are crossings and warning signs at nearly all primary & secondary schools, yet for an institution of 4,000 students walking in the doors each day, nothing has been done. It is only a matter of time until a student is killed, then the council may do something about it!!!
