Your Submission:	Do you have any comments on the major projects in our Draft Community Plan?
	Council's proposal to save money on it's services. I stongly disagree with the proposal to close the Belfast pool. As a gp I see a large number of people, including children, who are overweight and who would benefit form increasing physical exercise. Access to a pool close to where these people live encourages them to take up these activities.Keeping the pool would help fulfill your community outcomes on pages 6 and 7 wit regards to community, health and recreation. In addition I strongly disapprove of the propsal to close the mobile library service. Many of my patients, especialy the young and elderly, have problems with transport to other parts of the city. The mobile bus service is their easiset access to the library service.
	Do you have any comments on groups of activities (The activities and services the Council provides?)
	Do you have any other comments or suggestions you want to make?
