## Questions

See list of major projects in the summary document

① Do you have any comments on the major projects in our draft Our Community Plan? page number 8  
18

I object to your proposal to cut library services & withdraw the mobile library. Libraries are an essential resource for all in the community for continued learning & leisure. They need to be local so that all members of the community can access them - particularly the elderly, children, parents with young children, also may have transport difficulties can get to them. The resources at Bishopdale are expanding

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number           

CONT — considerably with the YMCA, so to propose closing the library these seem particularly short sighted.  
As a cyclist I would strongly support any measures to make cycling in the city safer & more widely used. From increasing cycleways to campaigns to increase drivers awareness of safety for cyclists, as the quality of driving in the city is so poor.

③ Do you have any other comments or suggestions you want to make? page number           

Overall I think the level of services the Council provides is excellent & greatly add to the quality of life in Christchurch.
