CHRIST church City Council,

To whom it may concern,

I am in my 72<sup>nd</sup> year a Senior Citizen, and feel so sad to know, that the Council will be closing the Community Center on Clarendon Rd, Riccarton, with it the library. Which means such a lot too us Senior Citizens. Some have cars others walk or have Mobile sit ins and give alot of their time, librarians who help others, to find Authors & choice of other reading material.

For many of us our health, does not allow. Physical excursion of Hobbys we once enjoyed.

The library to me, and others to be able to go weekly to be greeted by these people. They are so helpful, "not paid." workers. But, friendly & helpful to chat with others who come to change their Books its like meeting up with old friends.

"Please remember, a Community of many ages." Also we vote as well!

Yours Sincerely

Elena TIKAO
