Questions

① Do you have any comments on the major projects in our draft Our Community Plan? page number

Projects our group does not consider them to be essential
→ New Bus Exchange → We have recently acquired a new Bus Exchange
→ Art Gallery Air conditioning → Surely a project where funding ^{change} could be shared.
→ Civic Offices Roll Out → Seems sufficient - possibly only needs redecoration
→ Civil Defense Building → Work needs to be put in at ground level then needs to be ongoing and successful before we need to look at the expense of a

Vital Major Project

→ Replacing our aging Stormwater Pipes → If not addressed urgently could create health issues

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number

Our Future Direction

The vision for the community to work with the Council & city partners towards a vital & sustainable future CHCH, we believe is being put in jeopardy, due to the Community Boards becoming isolated from the Council and the Community - This could be demonstrated by the possible outsourcing of payment transactions. Our group has found the Community Board an absolutely vital step in the Council getting our & the community's views & us getting the Council's help & support & action!! Empower the Community Boards.

③ Do you have any other comments or suggestions you want to make? page number

Regarding the removal of City Care & Red Bus from the Strategic Assets ^{L15J}
- Both will be vulnerable to sale without consultation.
- Both should be social services run for the people - not cut throat businesses

Revised Development Contributions Policy provides for developers to pay a share of costs of new infrastructure needed

• Excellent idea, as long as developers share ^{is calculated fairly}
