To

The Christchurch City Councillors,

When are you people going to stop spending rate payers money on all these grandiose projects & learn to say no like I have to do to budget my household & personal spending

I too would love to have a grander lifestyle, but I know I can't afford things which are out of reach. As far as our rates are concerned you are all out of touch with reality to expect superannuants to fork out year-after-year to finance these huge expenses on the City Library & the Dot Gallery monstrosity. As for new Council Chambers etc. get real for pity's sake the Sewers, Water, Roads etc are of far-greater importance for everyones well being than any of the for mentioned. As for The Banks

2,

Peninsula amalgamation we were not given a vote on that but the peninsula was. How democratic was that?

If they choose to live over there let them pay with their own rates & resources.

We have to foot their bills with City Rate Rises. It's just not on.

It's about time all your high paid people lived in the real world.

Yours Sincerely,  
St. J. Turnbull.

## Questions

① Do you have any comments on the major projects in our draft Our Community Plan? page number 4

THE city Bus exchange is a complete shambles why on earth was it left in the Square as the hub of the city. The Gomas star buses were very conveniently located every one knew where to go. We are not a huge place, & it is surely easier to manage than the other main cities because we are on flat ground.

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number         

There are enough leisure centres now several are very much under utilised. The cost of maintaining them & any more proposed is out of this world.

As for libraries there ought to be a charge on all books (User Pays has gone apparently).

③ Do you have any other comments or suggestions you want to make? page number
