Questions

1 Do you have any comments on the major projects in our draft Our Community Plan? page number 80

Lowering the dunes at North Beach should be a priority for the Council. This issue has been before Council since 2000 and needs to be given priority over other enhancement projects. The sand dunes need to be lowered along this stretch of beach. I oppose absolutely the \$37.5 million to acquire more parks and would like to see this money go into maintaining parks that the Council already has and does not maintain (like the dunes)

2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number

I would like the Council to keep to the basic services more, and concentrate on those things that enhance peoples community - such as keeping streets clean, prioritising underground wiring, rather than on other things.

3 Do you have any other comments or suggestions you want to make? page number 14

Investing in more land for Parks should not take place. The City already has so many Parks and many of the local ones in North Beach are not maintained and look dreadful. Consequently they are very under used. Examples are the Beach area which is messy, untidy, dangerous and with no easy access. Thompson Park also looks neglected.
