Your Submission:	Do you have any comments on the major projects in our Draft Community Plan?
	<p>I wish to protest that there is no provision for a flat water recreation facility in the draft LTCCP despite this being identified as the highest priority by the city's sporting community. The Lake Isaac Development is an excellent opportunity to be realised. I appreciate that the Airport company has a concern over birdstrikes with aircraft, but I understand that CCC has not yet investigated this concern before withdrawing the \$11 Million that was previously allocated.</p> <p>There are numerous examples around the world of successful bird management systems at similar facilities near airports around the world. I am not convinced by the argument that a suitable alternative exists at Kerr's reach as this area is overcrowded, of poor quality and unsafe.</p>
	Do you have any comments on groups of activities (The activities and services the Council provides?)
	Do you have any other comments or suggestions you want to make?
