There are numerous outdoor dancing events in Christchurch that are very popular and attract many dancers. However they have one serious flaw, which lessens their appeal. The dancing surface is always stone, concrete or grass. None of these are conducive to good dancing and can also ruin expensive dancing shoes.

Small portable floors are available for hire but for groups organising such events they are an added expense. The Council could fulfil an obvious need by constructing a portable floor that would enhance the dancing venues and provide more entertainment for residents. The floor could also be available for loan or hire to community groups or private users.

This submission would have the support of the Canterbury Region, Royal Scottish Country Dance Society and the N.Z. Modern & Classical Sequence Dance Federation.
