The club movement within christchurch, believe it is imperative that the council, explores the opportunity and potential partnership, with the existing community clubs of christchurch. Who already operate extensive community facilities.

There is thirteen clubs ideally located within the boundaries of Christchurch City, with a combined membership in excess of 35,000 people. The clubs already host numerous and varied community groups, activities and events. We believe in the fields of community support, recreation and leisure, the clubs are ideally placed to assist the council to develop its long term objectives of a healthier and safe urban village.
