## Questions

① Do you have any comments on the major projects in our draft Community Plan? page number

It seems to me that Clich residents are being asked to contribute a lot in increased rates & some of this is to fund the growth of the city - ie services to new subdivisions etc. Shouldn't these costs be met more by the developers & the new home owners? As an elderly person (over 65) on a modest income, rates are becoming burdensome. Why not have a rebate for retired people on lower incomes who are also using your services less? Why do we need another new bus exchange?

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number

② While it is good to have an attractive, prosperous looking city, I think we can overdo the spending on constant beautifying & re-beautifying. I don't like the sound of "boutique city" and "first world lifestyle" in your draft summary. What proportion of Clich residents can actually afford this lifestyle? Where does economic growth overstep the bounds of sustainability? Care of the environment should be one of our first priorities - eg looking at traffic problems & making sure we have good public transport.

③ Do you have any other comments or suggestions you want to make? page number

Why would you even think of reclassifying Redoubt Rd as a "non-strategic asset"? Are you thinking of selling it off? As you have thought of selling shares in the bed of Lyttelton? I am strongly opposed to the sale of our assets to foreign companies. Also our services - eg who makes money from collecting our rubbish ???

You may add more pages if you wish. Thank you for your submission.

Our learning centres (too many ??) are too strongly computer based for younger children when research is showing the use of computers at an early age is not good for children
