Our community: Spencerville, and neighbouring Brooklands, Kalanga and Oruhuia communities have for years been lobbying to have improvements made to the intersection of Marshlands Rd, Lower Styx Rd and Hawkins Rd. Minor adjustments were made a couple of years ago, of which have not made a significant improvement. This intersection, some of which are; 1. the narrow bridge, 2.obstruction of field of view caused from vegetation, the bridge, signs and power poles, 3.misalignment of Lower Styx Rd and Hawkins Rd, 4.misalignment of Marshlands Rd being a main arterial route intorsection Straffic levels with Marshlands Rd being a main arterial route intorsection of straffic levels with Marshlands Rd being a main arterial route intorsection and bridge requires total reconstruction in order to facilitate safe which are actively promoted by Council for the enjoyme

My submission is in SUPPORT of the proposed works as indicated. Our community; Spencerville, and neighbouring Brooklands, Kaianga and Oruhuia communities have for years been lobbying to have not made a significant improvement. This intersection has caused a high number of vehicle accidents, some of which have caused serious injury. Many factors contribute to the dangerous nature of this intersection, some of which are; 1.the narrow bridge, 2.obstruction of field of view caused from wegetation, the bridge, signs and power poles, 3.misalignment of Lower Styx Rd and Hawkins Rd, 4.misalignment of Marshlands Rd throughout the entire intersection 5.traffic levels with Marshlands Rd thoeing a main arterial route in/out of Christchurch, combined with the 80km/hr speed limit. Aside from more traffic using Marshlands Rd, Lower Styx Rd is also increasing in volume with more residents living in the area and more visitors to and from Spencer Park camp ground, the beach and other recreational facilities, all of which are actively promoted by Council for the enjoyment of the public. The intersection and bridge requires total reconstruction in order to facilitate safe turning lanes and ensure adequate spacing between vehicles. This submission is to ensure that the proposed works on the bridge and intersection concerned be carried out and within the quickest time possible. <t< th=""><th>Name:</th><th>Grant Edwards</th></t<>	Name:	Grant Edwards

Your Submission (Cont'd):	We wish to support future bus services to the above areas. A public transport system is vital to the well-being of our local residents, some of which rely on as their only mode of transport. Also the offering of additional services to transport school children to secondary schools is becoming an ever increasing demand.
