Capital Endowment Fund

In April 2001, the Council set up a Capital Endowment Fund of \$75 million. This fund was established using a share of the proceeds from the sale of Orion's investment in a gas company. The Fund is to provide an ongoing income stream which can be applied to economic development and civic and community projects.

In establishing the fund the Council resolved

1. that up to 100% of the available income from the fund be allocated in year 1 and up to 75% be allocated for subsequent years,
2. that the income from the fund be allocated each year in the following way:

Economic Development 70%

Civic and Community Projects 30%

the above general categories be reviewed on a three yearly cycle,

3. that if desired, funding for a particular category be carried forward to another year,
4. that Civic and Community projects which have a cost of less than \$100,000 in any one year not be funded from the Capital Endowment Fund,
5. that no single project be funded for more than three years, except in exceptional circumstances,
6. that the capital of the fund will not be used unless 80% of councillors vote in favour,
7. allocations to local community projects will follow the principle that all parts of the city will benefit, over a period, from local projects,
8. funds are managed in accordance with Council's Investment Policy.
