I am referring to #7, "Reject any proposal to reallocate funding for the construction of alternative port access road at Lyttelton." Traffic through Norwich Quay must be diverted. After spending the last two weeks traveling through NZ, I noticed that no other town on the south island has trucks running directly down main street in the way that Lyttelton does. Our town is growing and gaining attention as a destination. This could clearly be furthered with the removal of trucks. The boon to tourism could be tremendous if Norwich Quay could be restored to the 'main street' it once was. Please consider this proposal.

Which principles and/or provisions of the Draft Amended Development Contributions Policy (DCP) do you support and why?

Which principles and/or provisions of the Draft Amended DCP do you oppose and why?

What exactly do you want the Council to do about the Draft Amended DCP?
